Industry: Professional Services

Alta Resources | Neenah, WI | www.altaresources.com

Products Purchased: Oracle EPM Cloud

Systems Replaced: Microsoft Great Plains/Navision & Excel

Alta Resources provides outsource services to companies that have well-known business center and call center services. With locations across North America, Asia and Central America, Alta solves complex customer care challenges for the world's biggest brands.

Oracle EPM Cloud - Solution & Key Accomplishments

Alta Resources has been experiencing rapid growth, which forced them to maintain a significant number of offline spreadsheets. Processes became both cumbersome and decentralized. Alta sought one source of the truth to simplify driver-based revenue modeling with a more cohesive, integrated EPM planning and reporting solution to gain:

Consistency Across Organization

Centralized Reporting

Scalability
